

REMARKS/ARGUMENTS

In response to the Examiner's final Office Action of June 24, 2008 the Applicant respectfully submits the accompanying Amendment of the claims and the below Remarks.

Regarding Amendment

In the Amendment:

independent claim 1 is amended to be directed to clarify that it is the "generator" which is "one-time use" and "disposable" and that this generator generates postcards. Support for this amendment can be found at page 1, line 10-page 2, line 15 of the present specification;

dependent claims 2-9 are unchanged; and

dependent claim 10 is amended to omit "disposable".

It is respectfully submitted that the Amendment does not add any new matter to the present application, nor any new issues to the prosecution of the present application.

Regarding 35 USC 112, first paragraph Rejections

It is respectfully submitted that independent claim 1 and dependent claim 10 satisfy the written description requirement, because it has been made clear in amended claim 1 that it is the "generator" (e.g., the "camera" disclosed in the present specification) which is "one-time use" and "disposable" not the postcard, and the term "disposable" has been omitted from amended claim 10.

Regarding 35 USC 103(a) Rejections

It is respectfully submitted that the subject matter of amended independent claim 1, and claims 2-10 dependent therefrom, is not taught or suggested by Suzuki in view of Barber, for at least the reasons previously discussed by the Applicant.

It is respectfully submitted that all of the Examiner's rejections have been traversed. Accordingly, it is submitted that the present application is in condition for allowance and reconsideration of the present application is respectfully requested.

Very respectfully,

Applicant/s:
